

OPREMA — NEW HEADQUARTERS, CARDIFF

Project Overview

Following a period of sustained growth, Oprema relocated from its 15,000 sq ft headquarters to new premises in South Wales, creating the opportunity for a modern workplace designed around its expanding team, operational requirements and brand identity.

Following a competitive tender process managed by Cooke & Arkwright, Trefoil Interiors was appointed as main contractor to deliver the fit-out of Oprema's new headquarters at Fairway House, St Mellons, Cardiff.

Working closely with the Oprema and Cooke & Arkwright teams, Trefoil developed and delivered a tailored workplace incorporating modern finishes, glazed partitions, bespoke joinery, acoustic solutions, feature lighting, new kitchen and breakout areas, upgraded services, access control and new furniture.

A key feature of the design was the exposed ceiling, resprayed in black to create a distinctive industrial aesthetic. Acoustic baffles, integrated planting, soft furnishings and feature lighting were introduced to balance the space and create a comfortable, welcoming environment.

The project was successfully completed in February 2026, delivering a bright, contemporary and collaborative workplace that supports Oprema's continued growth.

Client Testimonial

"Trefoil Interiors delivered an exceptional service throughout the fit-out of our new headquarters in Cardiff. From the initial design stages through to completion, the team worked closely with us to understand our requirements and create a workspace that reflects both our brand and the way we work.

Communication was clear and proactive throughout the project, and the works were delivered to a very high standard. The finished office provides a modern, collaborative, and welcoming environment that has been extremely well received by our team.

We are delighted with the outcome and would highly recommend Trefoil Interiors for their professionalism, attention to detail, and ability to deliver a seamless project from start to finish."

Zoe Poulton — Head of Marketing, Oprema
